Premium
(independently
of dimensions).

Glass Collection

The collection of glass is developed exclusively for "Green Plnat". Each glass highlights the design and style of our doors, emphasizes constructive lines; design is created in accordance with the proportions and "golden ratio". Such approach to development of glass guarantees to the Buyer that it will suit to the sizes, proportions and correspond with the same style with the door panel.

Toughened glass "Alter"
two technologies of design: "Cristallized" y "Serigraphy"
design colour: Vanille y Antic
