

Founded as a small enterprise in 1927, "Vitebskdrev" today is one of the largest wood processing companies in the Republic of Belarus with more than 2000 employees. Our daily productive capacity is up to 1000 cubic meters of wood. We produce hard wood-fibre boards, chipboards, window and door blocks, profile cut wooden details, chemical pallets and lids for chemical pallets. The Joint-stock company "Vitebskdrev" is always open for the mutually profitable cooperation, especially in the field of new technologies and new enterprises. JSC «Vitebskdrev» company delivers its products to 23 countries of the world by means of direct treaties

Now we can offer you the following production:
