

JSC "Vitebsk Carpets" is the largest manufacturer in the Republic of Belarus, with more than 120 years of history in carpet weaving.

Our carpets symbolize hearth and home, family warmth and coziness, the story of life through emotions and vibes.

We supply our products to 15 countries around the world.

Modern equipment and technologies allow us to produce a broad range of products: jacquard carpets and tufted coverings with a printed pattern and raised pile. For the pile production, we use wool, half-woolen yarn, as well as synthetic yarn. Also, we produce strawmats (products with flat pile) and high-pile coverings (with a pile height of up to 70 mm).

We hold an interest in wholesale partners and retail companies that work in household goods direction; we produce commercial coverings for offices and organizations of the HoReca system. Our company has a reputation as a reliable supplier.

Products manufactured according to the following HS codes:

5703 «Tufted coverings with a printed pattern» 5702  
«Woven carpet products»

Customs clearance of products is carried out at the expense of our company. We provide assistance in choosing transport for delivery.

We also carry out custom goods (carpet paintings, portraits on carpets) within 5-20 working days.

We work to strengthen your position in business. The main cooperation under individually agreed terms.
