PROJECT SUMMARY

ECOLOGY EXPO Exhibition and Forum and Republican Environmental Forum aim to become the largest discussion platform in Belarus on key issues of green economy development, a place for exchange of best practices and achievements in the field of environmental protection at the expert level, rational use of natural resources, an effective platform for the presentation of innovative ideas and projects.

The guiding mission of the events is to facilitate stakeholders engagement – including government officials, the academic and business community, experts, non-governmental organizations and the general public – in addressing environmental problems, to enhance public participation in the environmental movement, and to improve the coordination of efforts towards achieving the Sustainable Development Goals.

LOCATION

ECOLOGY EXPO Exhibition and Republican Environmental Forum will take place on 03-05 June 2021, at the one of the most recognizable, highly sought and representative venues of Minsk – Exhibition Centre, 14, Pobediteley ave.

The exposition will occupy the area of more than 5,000 square metres of indoor and outdoor exhibition space.
