The basic advertising package is presented in three categories – partner, official partner and general partner.

Adhering to the principles of openness in working with partners, each status must be confirmed by a list of certain services for the amount of the selected package. It is possible to work out additional exclusive positions, and after that an individual advertising script is drawn up and an agreement is concluded.

The possibilities of advertising activities are limited only by your desires!

The International Festival of Arts “Slavianski Bazaar in Vitebsk” has been a landmark event for thirty years. Representatives of more than 80 countries of the world and five continents took part in the festival.

The interest of millions of TV viewers in Armenia, Belarus, Russia, Ukraine, visitors to the website www.fest-sbv.by and subscribers of @festivalvitebsk, who root for the participants of two international contests, follow the broadcasts from the International Press Centre and watch concert programmes, proves that “Slavianski Bazaar in Vitebsk” is a long-awaited annual music event.
