

Dear Sirs!

JSC «Rechitskij metiznyj zavod», the largest enterprise in the Republic of Belarus, specializing in manufacture of the hardware: nails, wood screws, screws, bolts, screw nuts, rivets, shafts, splints, self-tapping screws and wires, holds the leading positions on assortment of the construction and special nails in Belarus, Russia and the Western Europe. Products are manufactured in accordance with the requirements of the world standards with up-to-date inventory. It is applied in engineering industry, agriculture, building, furniture industry. The high quality of the hardware is well-known in the market and is estimated at its true worth by the most exacting consumers.

The delivery program includes:

1. Nails:

- Construction nails $\varnothing 1,2\div 9,4$ mm, $L=15\div 310$ mm, are applied to fastening of timber-works in construction and repairs;
- Ring shank nails for Europallets (EPAL) $\varnothing 2,8\times 40$; $\varnothing 3,4\times 70$; $\varnothing 3,4\times 90$; $\varnothing 3,6\times 70$; $\varnothing 3,6\times 90$, are applied to manufacturing of Europallets;
- Special nails according to drawings (ring shank nails, screw shank nails, square nails). More than 100 types with sizes of $\varnothing 1,2\div 10$ mm, $L=16\div 310$ mm, are applied to fastening of timber-works in construction and repairs, roofing materials, manufacturing of pallets,

Customs tariff codes are 7317006900, 7317006100

- Machine quality nails (smooth shank, screw shank, ring shank), wire-collated in coils and polypropylene collated in strips for pneumatic guns with sizes of $\varnothing 2,1\div 3,1$ mm, $L=35\div 90$ mm, they are applied to automatic fastening of timber works constructions which require the maximum reliability.

Customs tariff code is 7317002000

2. Wood screws

- Wood screws in accordance with GOST $\varnothing 2,5\div 6,0$ mm; $L=10\div 90$ mm;
- Special wood screws $\varnothing 2,5\div 6,0$ mm; $L=10\div 90$ mm;
- General-purpose wood screws $\varnothing 3,0\div 6,0$ mm; $L=12\div 100$ mm;

This products are applied to repairs and finishing works, for façade and roofing works.

Customs tariff code is 7318 12 900 0

3. Self-tapping screws

- Self-tapping screws with flanged truss head with sizes of $\varnothing 3,5$; 3,9; 4,2 mm; $L=13\div 76$ mm;
- Self-tapping self-drilling screws with flanged truss head with sizes of $\varnothing 3,5$; 3,9; 4,2 mm; $L=13\div 76$ mm;
- Pan head self-tapping screws with sizes of $\varnothing 3,5$; 3,9 mm; $L=9,5\div 13$ mm;
- Pan head self-tapping self-drilling screws with sizes of $\varnothing 3,5$; 3,9 mm; $L=9,5\div 13$ mm;
- Fine thread self-tapping drywall screws $\varnothing 3,5$; 3,9; 4,2; 4,8 mm; $L=16\div 152$ mm;
- Coarse thread self-tapping drywall screws $\varnothing 3,5$; 3,9; 4,2; 4,8 mm; $L=16\div 152$ mm;

Customs tariff code is 7318 14 990 0

4. Screws

- Screws in accordance with GOST $\varnothing M3\div M10$; $L=6,0\div 70$ mm;

- Special screws $\varnothing M3 \div M10$; $L=6,0 \div 75$ mm;

Customs tariff code is 7318 15 900 9

- Threaded bars $\varnothing M6 \dots M16$ mm; $L=1000, 2000$ mm

which are applied in engineering industry, automotive industry, instrument making.

Customs tariff code is 7318 19 000 9

5. Bolts

- Bolts in accordance with GOST $\varnothing M6 \div M16$; $L=16 \div 150$ mm, property class 3.6; 4.8; 5.8; 8.8, 10.9

- Special bolts special $\varnothing M6 \div M16$; $L=12 \div 53$ mm,

which are applied in engineering industry, construction as connecting parts.

Customs tariff codes are 7318 15 900 9, 7318 15 890 0

6. Screw nuts

- Screw nuts in accordance with GOST $\varnothing M4 \div M16$

- Special screw nuts $\varnothing M6 \div M16$

Customs tariff codes are 7318 16 910 0, 7318 16 990 0

7. Wires:

- Cold-drawn low-carbon steel wire for reinforcement of reinforced concrete structures, $\varnothing 3,0-5,0$ mm. The weight of wire coils is 800-1000 kg.

- Structural carbon steel wire, $\varnothing 0,55-6,0$ mm. The weight of hanks is 10-190 kg, weight of wire coils is 800-1000 kg.

- Low-carbon steel wire heat treated, $\varnothing 1,0-12,0$ mm. It is intended for heading of the fastening articles, bundling, etc. The weight of hanks is 200 kg.

- Round low-carbon steel wire, $\varnothing 0,46-17,55$ mm. It is intended for manufacturing of nails, steel meshes, fences, etc. The weight of hanks is 10-190 kg, weight of wire coils is 800-1000 kg.

- Round wire with hatching $\varnothing 2,8-5,5$ mm. It is intended for manufacturing of nails. The weight of wire coils is 800-1000 kg.

- Cold drawn low-carbon steel wire of the increased accuracy with improved properties $\varnothing 1,2-5$ mm. It is intended for manufacturing of calibrated machine quality nails. The weight of wire coils is 800-1000 kg.

- Twisted wire $\varnothing 2,5-5$ mm. It is intended for manufacturing of nails. The weight of wire coils is 800-1000 kg.

- Cold drawn low-carbon steel wire for manufacturing mesh reinforcement $\varnothing 2,8-5$ mm. It is intended for reinforcement of reinforced concrete structures and manufacturing mesh reinforcement. The weight of wire coils is of 800-1000 kg.

Customs tariff code is 7217 10 390 0

For more detailed information on the products manufactured by our company please visit our web-site: www.rmz.by . link to the movie <http://youtu.be/ujn1d7N-QoY>

The main advantage of our products is its quality and assortment. Rechitskij metiznyj zavod is the holder of great number of professional awards. It repeatedly became the laureate of the competitions «Best products of the Republic of Belarus», «Best products the Republic of Belarus in the market of the Russian Federation», «Best product for construction of the year». In 2005 and 2010 the factory was awarded the

prize of the Government of the Republic of Belarus for achievements in the field of quality. In 2011 the factory became the finalist of the prestigious international tournament on quality among the countries of the Central and Eastern Europe in the nomination «Major enterprises». Following the results of the year 2011 and 2012 Rechitskij metiznyj zavod was awarded the national award «Best Exporter».

The production is organized in accordance with the quality management system CTB ISO 9001-2009, Certificate no. is BY/112 05.01.00200185.

Conformity certificates:

- No. BY/112 03.06.04902561 – General purpose low carbon steel wire with the diameter of 0,46-16,00 mm.;
- No. BY/112 03.06.04901695 - Nails;
- No. BY/112 03.06.04903847 – Fastening articles (Hexagon head bolts, Bolts (except hexagon head bolts), Self-tapping Screws for metal and plastic, Set screws and other, Wood screws, Screw nuts, Rivets, Cotter pins)

All products are packaged by agreement with the customer into cardboard boxes of 1 kg to 1000 kg.

Orders of 20 tons each standard size being not less than 500 kg are accepted for manufacture till the 25th day of the month precedent to the month of delivery.

Terms of the products sale are direct negotiations.

Goods deliveries are carried out by motor transport and by rail under the delivery terms of FCA Rechitsa (as per Incoterms 2010), Gomel region, OAO «Rechitskij metiznyj zavod».

Terms of payment are: 100% advance payment The delivery of the products is carried out within 30 days from the moment of the invoice settlement.

Authorised dealers of Otkrytoje akcionernoje obshchestvo «Rechitskij metiznyj zavod» are:

- **RMZ Vertriebsgesellschaft mbH**, Reichsratsstrasse 11/3a, A-1010 Vienna, Austria, Phone: + 43 1 402 68 11 - 0, E-mail: office@rmz.at, Web-site: www.rmz.at
