Commercial offer

More than 80 years JSC "Gomel fat factory" works in the market of food and non-food products, produces products recognizable and beloved by consumers not only in the country but also in countries near and far abroad.

Our factory is the biggest enterprise producing vegetable oil, margarine and fats, mayonnaise and ketchup, laundry and toilet soap, hydrogenated fat, fatty acids. It is the only enterprise in the Republic of Belarus, which carried the full cycle of vegetable fats. Our enterprise is equipped with modern equipment and using advanced technology, produces products that can satisfy even the most discerning buyer. Our factory was certified check quality management system in compliance with ISO 9001-2009 for the development and production of margarines and fats. All products were repeatedly awarded medals and diplomas of various exhibitions and competitions.

JSC "Gomel fat factory" expresses its respect and offers cooperation in the sale of their products.

Discuss and consider the various suggestions from your side.

Ready to send documentation for products that will be interesting for you, product catalog, product samples if necessary.

Express confidence in a fruitful and mutually beneficial cooperation.
